TOMMY GUN® A3 SERIES
HIGH VOLUME PLASTER & FIREPROOFING EQUIPMENT

TOMMY GUN® A3 SERIES

TOP "GUNNING" FOR OVER 45 YEARS

TOMMY GUN® A3 SERIES

Since acquiring the original Thomsen Tommy Gun in 1982, Putzmeister has updated its design to make it more durable, versatile and user-friendly than ever.

Today's Tommy Gun, which sits on the time-tested, rugged frame style originally developed for the hard-working Thom-Katt®, features a new hydraulic lift and dump mixer design, making life easier for the crew.

The bag breaker is now located at hip level rather than shoulder height, reducing physical strain on operators. Once material is in the mixer, a hydraulic control lifts and dumps the mix into the hopper, further reducing manual labor and risk of job-site injury. While the Tommy Gun has been updated to meet changing industry needs, it is still built with only the most reliable components for peak performance, long operating life and the highest resale value.

FIREPROOFING

The Tommy Gun's 3-1/2" cylinder is ideal for high pressure, long distance plastering. Even the coarsest and most troublesome mixes will flow in a smooth easy-to-control stream, no matter how difficult the conditions. This mechanical piston ball valve pump also features a 2" outlet and 4-speed variable drive.

Tag version with detachable tow bar shown.

For high volume fireproofing, rely on the Tommy Gun with its large 3-3/4" cylinder, long 8" stroke and 3" outlet to deliver up to 60 bags an hour. This mechanical piston ball valve pump also offers 4-speed variable drive and an adjustable two-position stroke for the smoothest pumping.

Mobile version with heavy-duty trailer shown.

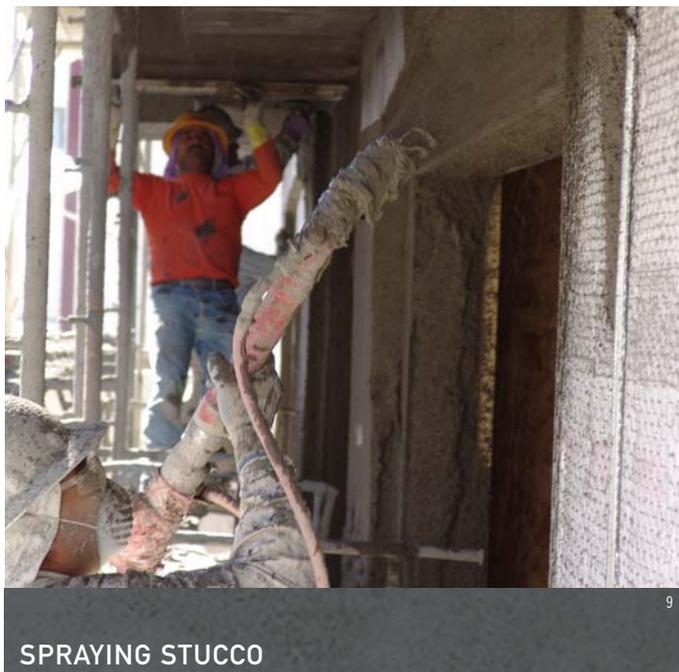

IDEAL FOR: FIREPROOFING, PLASTER, EXTERIOR AND INTERIOR, INJECTION WORK, STUCCO, KOOL DECKS, POOL PLASTERING, EXPOSED AGGREGATE POOLS, MORTAR, GROUTS, FLOOR LEVELING COMPOUNDS, CONCRETE REPAIRS, SPECIALTY MATERIALS

ALL PUMPS ARE NOT CREATED EQUAL

Pumps may look alike, but what counts is performance. Make sure you get all the high quality Tommy Gun features below. Don't accept any substitutes.

- Heavy-duty drivetrain with stronger 2-15/16" shaft. Massive flame-cut primary and secondary pillowblock bearings – complete with forged crank and Timken™ roller bearings.
- All galvanized hopper and screen (screen provided with plaster versions only).
- Vertical cast steel pump manifold lasts twice as long as cast iron.
- 10 cfm, 2-piston air compressor.
- Centralized lubrication system for quick and easy maintenance.
- Choice of remote control nozzles – 1" or 1-1/4".
- Automotive quality prep, prime and paint finish with custom colors available.
- Detailed and comprehensive operator and parts manuals – supported by experienced service personnel and large parts inventory.
- Backed by Putzmeister America, Inc.

SPRAYING STUCCO

For over 45 years, the Tommy Gun A3 Series has been the number one pump for pumping and spraying exterior plaster. Other pumps may look like a Tommy Gun, but none are as reliable and hard-working as the original.

FIREPROOFING

The Tommy Gun A3 Series is the most reliable pump on the market for spraying a wide variety of fireproofing materials.

SWIMMING POOL PLASTER AND EXPOSED AGGREGATE

The overwhelming choice of swimming pool plasterers all over the United States, the Tommy Gun A3 Series is available with a powerful diesel engine and hydraulic lift and dump mixer.

TOMMY GUN A3 SERIES SPECIFICATIONS

Performance	Plaster	Fireproofing
Maximum output volume	6.7 yd ³ /hr (5.1m ³ /hr) 45 bags/hr	9.6 yd ³ /hr (7.3m ³ /hr) 60 bags/hr
Maximum output pressure	800 psi (55 bar)	1,000 psi (69 bar)
Output control	Four preset speeds	Four preset speeds
Technical Information		
Material cylinders	3.5" x 6" (89x152mm)	3.75" x 8" (95x203mm)
Hopper capacity	9 ft ³ (255L)	9 ft ³ (255L)
Outlet diameter	2" (51mm)	3" (76mm)
Power Source		
Diesel engine	Hatz 2M41Z – 34 hp (25kW)	Hatz 2M41Z – 34 hp (25kW)
Electric motor (optional)	230V or 460V 60hz 3ph 20 hp (15kW)	230V or 460V 60hz 3ph 20 hp (15kW)
Fuel tank capacity	7 gal (26.5L)	7 gal (26.5L)
Air compressor	10 cfm (280L/min)	10 cfm (280L/min)

Trailer	Tag	Mobile w/Lift Mixer
Axle capacity	2,500 lb (1,135kg)	5,000 lb (2,270kg)
Tires/Load range	ST205/75R14C	ST225/75R15D
Brakes	---	Electric
Coupler	Clevis/Pin	2" ball

Technical Information		
Dimensions (L x W x H)	128" x 70" x 51" (3,250 x 1,780 x 1,295mm)	176" x 74" x 55" (4,470 x 1,880 x 1,400mm)
Mixer capacity	---	13 ft ³ (370L)
Mixer load height	---	42" (1,067 mm)
Weight (approx.) – Diesel	2,300 lb (1,040kg)	4,000 lb (1,800kg)
Weight (approx.) – Electric	2,000 lb (910kg)	---

MULTIPLE CONFIGURATIONS

The Tommy Gun A3 Series is available in several configurations to suit your specific needs.

Authorized Distributor

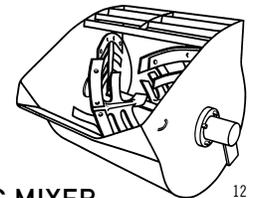

STANDARD FEATURES

- Mechanical piston ball valve
- Heavy-duty trailer with torsion axle, electric brakes, fenders, and tail lights (A3 MXD, A3 MXFD)
- Detachable tow bar (A3 TD, A3 TFD, A3 TE and A3 TFE)
- Galvanized material hopper
- Hopper screen (plaster pumps only)
- Adjustable stroke, 2-position
- Hard-chromed pump cylinders
- Marvel kit (fireproofing pumps only)
- Zinc-plated main pump components
- Direct lubrication of pistons
- Central lubrication system
- Heavy-duty, sealed gear reduction box and drivetrain, 2-15/16" output shaft
- 10 cfm (280L/min), 2-piston air compressor
- Variable 4-speed drive
- Vertical cast steel pump manifold
- Manual pressure release safety valve
- Remote on/off control with 250 ft (76m) cable
- Ship-away kit - includes nozzle assembly
- High quality paint finish

OPTION

- "Glow Plug" Kit - Diesel Tag/Mobile

HYDRAULIC MIXER

A3 MXD and A3 MXFD models include a 13 ft³ (370L) hydraulic lift and dump paddle mixer. This powerful mixer easily holds a three to four sack mix and utilizes a superior blade design to mix all materials thoroughly and quickly.
