and Training.

### SAFE, SIMPLE, FLEXIBLE

SpiderLine™ is a simple, easy to install fall protection system, engineered to fit multiple applications at height, improving workers' safety and productivity.

#### Benefits

- Easy to install
- No drilling or welding required
- Freedom to move without having to unhook lanyard improves productivity
- Trip hazards are eliminated with the low profile chain and the vertical angle that allows an open walkway
- Modular Stanchion Post makes it more affordable
- Flexible for multiple project needs
- Meets OSHA and CSA requirements

With superior features at an affordable cost, the NEW & IMPROVED SpiderLine™ is the safe, reliable and trusted horizontal lifeline on the market.

### STANDARD PASS THROUGH STANCHIONS

Allow freedom to move without having to unhook

### EASY TO INSTALL
