

**PITTS** *HEAVY  
HAUL*

You're Ahead With A Pitts Behind™

# A LEADING AMERICA

Pitts Trailers introduced the LOADPAYIN' series. Pitts pioneered this lightweight, durable, and most reliable log trailer at customers' request. "The best way to design a trailer is to talk to the people who use it." Andrew Pitts, 1976.

## 1994

## 1976

Andrew Pitts found his home town, Pittsview, Alabama, the perfect place for growing a business. The first log trailer built in 1976 with the logo "Bulldog Trailers" was only the beginning of a growing log trailer manufacturing company.

## 2002

Jeff Pitts, Andrew's son, joined the company in 1982. After 20 years with the company, Jeff Pitts bought the operation from his father. Pitts Trailers continued to grow.

# N TRAILER MANUFACTURER

Since 1976, Pitts Trailers has been creating innovative, high-quality trailers that are affordable. As the industry leading log trailer manufacturer Pitts Trailers has pushed the levels of innovation time and time again, and through growth in its line Pitts Trailers has continued to grow. It now produces quality trailers that reach the construction, freight and intermodal industries.

Dorsey Trailer in Elba Ala. was purchased by Pitts Enterprises to supplement the product line with flatbeds and chip vans. Mayor Grimes cut the ribbon as Jeff Pitts with wife Cher and daughters Isabella and Abigail celebrated with others.

## 2007

Pitts Enterprises rewards employees with stock ownership plan, giving the employees a personal investment in the company.

## 2014

## 2011

Pitts Enterprises newest addition celebrated

100 years of producing the most durable custom trailers on the market with pride and respect for those who blazed the trail.

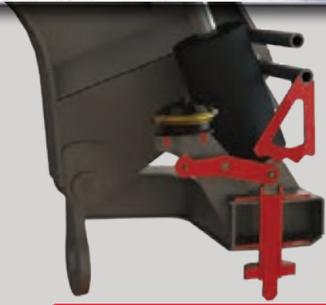

## 2018

Pitts Enterprises significant expansion to

the Pittsview, AL production facility. The project adds 25,000 square feet to Pitts Enterprises' existing 1,000,000+-square-foot commercial trailer production plant.

The logo for Pitts Heavy Haul is a red, rounded rectangular badge with a metallic, brushed metal border. The word "PITTS" is written in large, bold, white, sans-serif capital letters. To its right, the words "HEAVY" and "HAUL" are stacked vertically in a smaller, white, sans-serif font, separated by a thin white horizontal line.

**PITTS** HEAVY  
HAUL

A photograph of two welders in a dark industrial setting. They are wearing protective gear, including helmets and gloves. Bright sparks are flying from their welding torches as they work on a large metal structure. The scene is dimly lit, with the primary light source being the intense blue and white light of the welding process.
